AND
COMPANY.

Looking at the year just closed from a business standpoint we are more than satisfied. Our efforts during the year have been in the direction of good goods at low prices and our sales for 1888 warrant us in saying that the trading public has appreciated our efforts.

Established in 1839 by R. and J. W. Townley, the house of George DeWald & Co., has for fifty years been known to the people of Fort Wayne and the surrounding country. During the half hundred years of its existence its aim has been to so conduct its affairs as to win an honest place in this city and a record of honorable dealings. Have we succeeded? If so it has been with your help, for which we return thanks and wish you all a Happy New Year.

OUR SCHOOL LAWS.

The State Teachers' Association Suggests Important Changes.

The State Teachers' association, in session at Indianapolis, suggested a number of recommendations that prove interesting to persons engaged in educational work in this city. As every parent desires his child to receive such instruction in the common schools as will be of aid in after life, it is also his duty to keep well informed of the proceedings of the association. The convention took up each proposed recommendation one at a time. The first was that of compulsory attendance, which means the same as compulsory education. After some little consideration the convention agreed that compulsory education was what the state should have. With compulsory education many young boys who are now running wild on the streets of this city would be compelled to attend school. The second recommendation was the enlargement of the power of the state board. The third was to the effect that township trustees should be elected for four years instead of two, as they now are. It also recommends that township trustees be compelled to make a registration of all township orders in the county auditor's office within thirty days after their payment; and, also, that the trustees should make an annual report of the finance of their office. The convention adopted the recommendations.

The fourth recommendation has to do with the appointment of the county superintendents. This was, of course, a vital matter to the members of the convention. The recommendation was to the effect that county superintendents be appointed for four years, and that they should be eligible for the office only when they hold state licenses as teachers. A strong minority fought against it as best they could but finally surrendered and the recommendation was adopted. Under the law a man who could not obtain even a six months' license as a teacher, that is, an ignorant man, can become a county superintendent if he has enough political friends. After the passage of the recommendation the convention caused the appointment of a committee of five to consider the remaining recommendations with power to act.

Fabulously low prices at Louis Wolf & Co.'s cloak room.

TWENTY bags containing $50,000 were being conveyed by two men in a cab from one of the London banks recently, when the bottom of the cab gave way and all the bags fell into the street. It was a minute or so before [illegible]

ST. LOUIS FLAMES!

An Immense Drug House Destroyed—A Hotel Visited by the Fiend With Fatal Effects.

ST. LOUIS, Mo., Jan. 1.—The immense six story brick building of the Richardson Drug Co., at the northwest corner of Fourth and Clark avenues, was reduced to ruins this morning. The fire was discovered at 2:20 a. m., in the brick warehouse and the combustibles made the fire so fierce that five minutes after the alarm was turned in the buildings across the street were smoking and ready to burst into flames.

Every few minutes a terrible explosion occurred. The entire six floors were filled with combustible goods, and a great portion of the stock was inflammable. The flames spread with great rapidity, and at 3 o'clock the immense building was in ruins. The building is valued at $200,000 and was the largest drug house in the country. The Woess masquerade store was also destroyed. The loss including stock is estimated at $1,000,000.

ANOTHER ONE.

Between 5 and 6 o'clock, this morning, a fire broke out in Seellers' hotel, North Sixth street. Some twenty-five or thirty people were in the place, and a scene of great excitement ensued, during which three women jumped from the third story. These were Mary Wesland, who, besides being badly burned about the head and body, had an arm broken and inhaled the flames. She died at the hospital. Mary Davidson had her arm broken in two places, and received severe scalp wounds. Lizzie Burham also received scalp wounds, and had an arm broken. The fire was a trivial affair.

ROCKVILLE, Conn., Jan. 1.—The Windsor cassimere mills were burned this morning. Loss, $40,000; insurance, $20,000. Seventy-five hands are employed.

THE Q STRIKE.

The New Men Will Not Be Discharged for the Strikers.

CHICAGO, Jan. 1.—In regard to the rumor that the strike of the engineers on the Chicago, Burlington and Quincy railroad had been settled, Vice President Stone said that yesterday's conference had adjourned till Wednesday, which was evidence that no conclusion had been reached.

The company, he said, would not recede in the slightest degree from its present position. Not one of the engineers, firemen, switchmen or brakemen would be discharged to make way for the strikers. Justice must be done to the new men.

A HICKSVILLE FIRE.

The Magnificent Opera House at Hicksville, O., Destroyed.

HICKSVILLE, O., Jan. 1.—The large brick opera house at this place was destroyed by fire early this morning. The loss on the building is $10,000; on stock $15,000. The loss is fully covered by insurance. The cause of the fire is unknown. The property was owned by E. N. Lewis, of Defiance, O. It was the finest opera house in the county.

THE WHEELS CLOGGED.

The Busy Hum is Hushed Around the Railroad and Manufacturing Centers.

The busy hum of industry was hushed around the railroad and manufacturing centers to-day. The Pittsburg, the Bass, the Wabash, the Muncie, and the Nickel Plate shops, the Olds and White wheel works, and most of the other manufacturing establishments of the city were closed down, and the thousands of employes united in doing honor to the dawning of the new year.

The railroad employes of the city joined with the merry throng, for but little except passenger business was transacted on the roads running into this city. The freight houses were closed and an air of quiet pervaded all the busy centers. Our railroad reporter found his occupation gone for once, and contented himself with extending a a New Years greeting to the ticket agents, who were about the only railroad office men on duty to-day.

Governor Hill.

ALBANY, N. Y., Jan. 1.—Governor Hill was inaugurated at noon to-day for the third term. A parade occurred according to program, and the Tammany throng was loudly cheered.

The Weather.

WASHINGTON, Jan. 1.—Indiana—Fair, warmer weather.

Mr. E. W. Uplinger, of Palestine, Ind., is at the Hotel Brunswick.

NEW YEARS DAY.

It Dawns With Beautiful Weather—The Features of the Occasion.

The weather is simply perfect in its way and may be taken as a good omen for New Years day, which was ushered in by the firing of cannon and fire arms last night, when there was no rest for the weary.

The occasion was observed in many churches this morning and sermons appropriate to the occasion were preached by the ministers.

Most of the business houses were dark all day and all of them closed at noon. The public offices were likewise locked all day long, so that the usual haunts were cold and chilly to reporters.

Minnie Maddern gave a matinee performance at the Temple this afternoon and will also play there to-night. The Princess skating rink was open, the hotels all spread sumptuous feasts, the public houses made punch for callers, and so ran the pleasures of the day, which closes to-night with the great Typographical union ball, at Morton club hall.

SOCIAL FEATURES.

The ladies of the Y. M. C. A. will spread a banquet for their callers this evening.

Miss Minnie Thompson, assisted by Misses Susie Thompson, Minnie Keel, and Mellie McCurdy, will receive at the Thompson homestead from 3 until 6 o'clock.

The young ladies of the Cooking club will receive their friends on New Year's evening after 6 p. m., at the residence of Joseph Brackenridge, No. 77 West Wayne street.

Mrs. Col. Robertson, assisted by the Misses Robertson, Marvin and Grace Hayden, will receive from 4 until 8 o'clock, at the residence of Colonel R. S. Robertson, on West Berry street.

Miss White and Miss Grace White will receive their friends from 6 to 9 p. m., at 60 Barr street, the residence of Congressman White. They will be agreeably assisted by Mrs. J. W. White, the Misses Elizabeth Thompson, of Sidney, Ohio, Celeste Gaylord, of San Antonio, Texas, Kittie MacDougal, Laura Lightfoot, Clara B. Humphrey, Miss Ward, of this city.

The Masons received their friends at the Temple parlors this afternoon.

HARD ON THE ICE MEN.

The Old Stock of Ice is Low and the New Crop is Not Yet Ripe.

"This is proving a hard winter on our business," said an ice dealer to a SENTINEL reporter this morning, "and the public will have to suffer for it when the summer months come. More than a month of the winter has passed and no ice has formed, although in former years it has been cut and housed between the holidays and the week following."

"How is the old stock?" was asked.

"Well, it is getting pretty low. Some firms may have enough to tide them over the summer, but they are few and confined principally to the large dealers who lay in a two years supply. This is probably true, too, with some of the breweries and other establishments who need ice largely in their business."

"How much cold weather is required to secure a good crop?"

"Ice is not cut until it is at least eight inches thick, and to freeze it this thick it will require zero weather for six days. If there is no ice formed here by the 15th of this month, some of our dealers will send men north to harvest it. It will then be brought to this city and sold for a high price. Ice is now regarded as almost as much a necessity as water. People must have it during the hot months and it looks now as if they would have to pay a good price for it—much more, anyhow, than was given last summer."

IS HE CRAZY?

The Strange Actions of John A. Mackay, the Comedian.

NEW YORK, Jan. 1.—The rumor spread in the dramatic circles last night that John A. Mackay, the comedian, had disappeared. He was to have appeared at the Orange opera house to-night, under the management of Mr. Berlinger, but later he received a note undoubtedly in Mackay's handwriting, in which the actor declared he was crazy and had gone to the hospital.

He concluded by saying: "Good bye, old fellow, you'll never see me again."

Inquiry was made at his house and at various haunts and at the hospitals, but no trace could be found.

Sid Hubbard, the genial proprietor of the Wayne barber shop, and wife, ate turkey at Bellevue, Ohio, to-day.

AT THE WHITE HOUSE.

The President's New Year's Reception a Brilliant Affair—The Scene Described.

WASHINGTON, Jan. 1.—The white house has seldom, if ever, presented a more brilliant spectacle than to-day, the occasion of the president's New Year's reception. Special pains had been taken with the decorations and the beautiful suite of parlors, where the reception was held, never appeared to better advantage. The reception began at 11 a. m., at which hour the receiving party descended the stairs and took their places in the blue parlor.

As they appeared in sight the marine band, which was stationed in the main hall, started "Hail to the Chief!" and continued playing it until the party had taken their positions. A passage was made for them through the crowd that had already gathered in the house. They came in the following order:

Colonel Wilson and Lieutenant Duvall, of the army; President and Miss Bayard; Secretary Bayard and Mrs. Cleveland; Secretary Fairchild and Mrs. Whitney; Secretary Endicott and Mrs. Fairchild; Secretary Whitney and Mrs. Dickinson, and Secretary Vilas and Postmaster General Dickinson.

They took their places, with the president and Mrs. Cleveland first in line, then Miss Bayard, Mrs. Fairchild, Mrs. Whitney and Mrs. Dickinson in the order named. Grouped behind them were a number of invited guests, including Mrs. Folsom, Miss Mary Hastings, Miss Carrie Hastings, Mrs. Nelson, Mrs. Chief Justice Fuller, and others. The usual order of these receptions then followed. The weather was bright, the sun shining and cool.

GAY WHEELMEN.

They Give a Most Enjoyable Smoker—Who Were There and What They Did.

"Anything worth doing, is worth doing well," seems to be a motto adopted by the Fort Wayne Bicycle club, and the "smoker" at their elegant parlors, 142 Calhoun street, last night, was another illustration of the entertaining qualities of these gentlemen. All who were present declared it a success in every particular and complimented the members upon the happy thought of the plan, which proved to be a most appropriate manner to take adieus of the old year, and hail the advent of the new.

At an early hour a SENTINEL reporter timidly opened the door of their hallway, and slowly moved up the spacious stairway. As he reached the landing, his hand was grasped and a most courteous welcome accorded him by that prince of good fellows, Wm. Buckles, who ushered him into their parlors. Here all timidity vanished as member vied with member to make each person feel at home. All were friends and none strangers.

Their parlors are the most elaborate of any in the city. A suit of three rooms admirably adapted to the comforts and pleasures of the club, are most tastefully decorated and contain most costly furniture. In the rear parlor 'votaries of cards were having a merry time. In the central parlor, behind a most elaborate spread, dressed in full dress, stood Seidel, the caterer, who had been instructed to spare neither pains nor wealth to make this the grandest of his lay outs.

In the front parlors sat an enraptured audience listening to sweet strains of music from piano and flute by T. F. Thieme and August Bruder.

Dropping into an easy chair THE SENTINEL man looked through the clouds of smoke and recognized the following gentlemen: H. J. Ash, Adam Link, Frank F. Fee, Frank Stone, Harry Orr, Frank Keplinger, Harry Pickard, Ross McCulloch, Ed Detzer, Fred Beach, Alex White, Dave Randall, A. B. Olds, Herman Siemon, Charles Centlivre, Frank Ross, Martin Detzer, Arthur King, A. W. Jaxtheimer, William Buckles, Al Vogel, Charles Cross, William Bostick, S. D. Hanna, L. Ohnhouse, Robt. Learmouth, Chas. E. Orall, J. E. B. Stewart, James Quillinan, Harry Arnold, Perry DeHaven, Frank Lightfoot, C. D. Law, Capt. Hugh Diehl, Frank Phillips, Harry Meyers, Theo. F. Thieme, C. A. Edgerton, A. W. Siemon, Frank Hough, M. S. Mahurin, Fred Hanna, Geo. Rabus, Dr. A. P. Buchman, Dr. Whery, W. M. Leedy, J. F. Wood, Chas Scheiman, LeRoy Hartzlar, Fred O'Connor, August Bruder, Frank Bissell, James H. Fry, Daniel O'Leary, D. H. Caldwell, C. Ward, Toledo, Ohio, Chas. Rabus, James White, O. Ross, Frank Gruber, L. Jaxtheimer. Adam Snyder, Frank Morgan, Chas. Kahne, Chas. [illegible], Harry Gibford, Homer Smith, Carl Swain, Theo. G. Seymour, Fred Thieme, Mr. Gossard, Wm. Meyer, jr., Harry Seimon, William Seybold, Ed. Noll, Frank Wise, John Armfield, Col. Cooper, of the *Journal*, and many others. All evening callers came and went, and with each went good luncheon, good cigars and the best of wishes for the new year.

No particular programme had been arranged and callers were free to move about at will. All was merry, and as the hour of midnight approached, each member of the club anxiously watched their clock in order to be the first to offer compliments of the season to their many guests.

NOTES.

The solos by C. D. Law and Sam D. Hanna were very fine and received great applause.

Clem Edgerton was at his best and was all smiles as he introduced the guests.

Theo. Theime held full sway at the piano and was applauded to a fault.

Perry DeHaven would have had the crowd smoked out if each time he passed cigars all had partaken.

A. W. Jaxtheimer remained at the lunch counter, and insisted that "no man go hungry."

LeRoy Hartzel is a whole orchestra; his playing on a harmonica and guitar at the same time was a master stroke.

The great art of manly defense was scientifically demonstrated by encounters between Wm. Meyer and Capt. Deihl, Buckels and Noll, C. D. Law and Chas. Centlivre, Harry Pickard and Frank Ross, Rabus and Randall. Two rounds each were sparred, resulting in a draw in each case, excepting the last, where both contestants were knocked out.

THE SENTINEL wishes each member of the club a Happy New Year, and hopes the future will have naught but prosperity for this organization.

S. F. BOWSER AND CO.,

Manufacturers of the Perfect Self-Measuring Oil Tank, 260, 262, and 264 East Creighton Avenue.

This firm is composed of S. F. Bowser, Aug. Bowser and Wm. F. DeVilbiss, and is unlike many other firms of this city. Hardly anyone knows anything about it, and yet it is possibly the most prosperous concern of its size in the city. It commenced the manufacture of the above named goods three years ago at 264 East Creighton avenue, in a room fourteen feet square, and no capital to speak of. By good business management they made the business pay its way, and each year added to their works, till now they have over eight thousand square feet of floor. There they have the best of steam power and machinery needed in their works, and a brass and iron foundry to make their own castings used in the construction of their pump. The above result is due to two reasons.

First—These men are wideawake; energetic business men.

Second—They are the inventors and patentees of the above named oil tank and pump.

This oil tank is THE oil tank of this country. They say there is no firm that makes any pretension of competition with them in point of convenience, cleanliness and labor-saving, and this fact is apparent when we learn that they in this short space of time, under all the disanvantages in the first two years of their beginning, have about five thousand tanks in the market, and ship to every state in the union except three. They say business is very good, and will more than likely necessitate the building of another addition in the spring.

A MIDSHIPMAN'S CHEST.

Each chest contains all the worldly possessions of one officer, which, thus packed, are as inaccessible as they well can be. Immediately under the lid are three or four shallow trays. One of these are fitted as a washstand, with basin, mug, soap-dish, and receptacle for tooth-brushes. Another till is a sort of loose box for everything; while a third contains a miscellaneous collection of neckties, handkerchiefs, pipes, money, and a limited stock of jewelry. Under these trays, and packed more or less tidily, according to the tendencies of the marine servant who "looks after" each young gentleman, are his uniforms, suits of plain clothes, boots, linen, and articles of haberdashery. After this explanation, my readers will not find it difficult to understand why the expression "everything on top, and nothing at hand, like a midshipman's chest," is commonly applied to any chaotic disarrangement on board ship.—*Lieut. F. [illegible] Smith, R. N., in St. Nicholas.*

FATAL FIGHTS!

A Bloody Battle in Georgia and on its Heels Comes a Fatal Stabbing Affray at New York.

AUGUSTA, Ga., Jan. 1.—A report reached here last night of a bloody fight about eighteen miles from this city, in which all four participants were badly injured.

NEW YORK, Jan. 1.—This morning Michael Crow, was stabbed in the breast during an altercation with his brother-in-law, and soon after died. Crow's assailant was arrested.

ADDITIONAL LOCAL NEWS.

W. A. Gutelius and M. A. Justus, of Bluffton, are in the city.

The Typographical union ball takes place at Morton hall to-night.

"Peck's Bad Boy" company played to a large audience at the Temple last night, and went to Huntington to elevate the drama to-night.

The funeral of Mr. Louis Webber will take place to-morrow, at 8 o'clock, from the residence of Mr. Nicholas Wither, and at 9 o'clock from the St. Peter's Catholic church.

The farewell leap-year party given last evening by the gentlemen of the Grace Reformed church was an elegant affair and nicely carried out in every detail. The supper included all the good things of the season, and was served from 6 to 10 o'clock. The literary part of the entertainment was grand and reflected credit upon the managers. Among the features worthy of note were the colored jubilee singers, the Woolsey quartette, a humorous speech in the German dialect by Mr. J. W. Vordermark, a comic address by Mr. P. W. Blair, a solo by Mr. Hayden and an address by the pastor, Rev. A. K. Zartman.

Our Street Car Facilities.

No public improvement made in Fort Wayne for many years has been more marked than that made in the street car service during the past year. When the re-organization of the company was effected over a year ago THE SENTINEL honestly believes that Fort Wayne was possessed of the most villainous transit service to be found this side of the Andes mountains. The cars were far apart, the track was terrible, and persons patronized it only when they had time to kill. Immediately upon the re-organization of the company a new era began to dawn. New track was laid, new cars were put on, new horses were bought, new men were employed, and a new management at once put new life into the whole concern. During the past year the lines have been extended until every portion of the city can now be reached in a few minutes' ride, and Fort Wayne can now boast of a better street car service than can be found in any city of its size in the country. Much of this must be credited to the progressive management of Mr. L. D. McNutt, the superintendent of the lines. One of the latest improvements made by the company is the new barn near Glasgow avenue, on Washington street. It has stable room for 100 horses and storage for 1,000 tons of hay. Besides this there is connected therewith a car house, a shoeing shop, repair shop, paint shop, etc.

Wing and Mahurin.

The firm of Wing & Mahurin is one of the best known in the city, and as architects they have a reputation that extends over this and all adjoining states. During the past season their business has increased nearly 50 per cent., and they have done a building business of over $300,000. Among the most notable of their local work during the past year is the Pixley-Long block and the feeble-minded institute, which is now in course of construction. To these are also added the D. N. Foster European hotel, on East Berry street; the St. Paul Lutheran church, and a number of handsome residences in the city, besides the electric light and power station, the Bluffton bank, and a number of other business blocks.

LOUIS WOLF & CO.

DR. GEFFCKEN'S imprisonment in the Moabit Prison in Berlin is described as a comfortable one. He occupies two cells, one being the size of a large room and pretty well furnished. He is permitted to cater for himself, and is at perfect liberty to use his pen in private correspondence, which is, however, subjected to censorship. He is also allowed to take outdoor exercise by himself.

TUESDAY, JAN. 1, 1889.

TIME inscribes it 1889.

THE new leaf is open. Keep it clean.

THE Indiana legislature will meet next week.

EVERY man can be his own temperance apostle.

WOULDN'T it be an innovation if the officers enforced the laws.

THE man who can cut away from his bad habits is a hero all through.

A GREEN Christmas and a green New Years smashes the old proverbs into bits.

The young man who opens the new year with a spree will live to rue the day.

THE new year dawned brightly. It is an invitation to improve each shining hour.

RESOLVE to boom the city. A little more love of home and less admiration abroad is necessary.

CHOOSE the best resolution on the calendar and keep it. A man who cannot say "no" should not be trusted with "yes."

A NOTABLE feature of New Years day now is its observance in the churches. Christianity extends its influence to all things.

RETURNS are not all in, but as far as heard from Rutherford B. Hayes is the only republican statesman who doesn't want office.

THE *Gazette* presented a beautiful appearance this morning in its new dress, looking as bright and neat as a new gold dollar. May our kind neighbors prosper and grow fat.

THE proposition to raise the saloon license in the state to $500 is being agitated. The Indianapolis *Journal*, General Harrison's organ, is making a fierce plea for high license and this gives it prominence.

INDIANAPOLIS is already haunted by the agents of the school book trust anxious to deepen their fangs on the purses of the people. We shall see what our representatives do to wipe out this monstrous evil.

NO LESS than a dozen White Cap outrages were reported from Ohio last week. The *Gazette* should again congratulate the windy Governor Foraker on their suppression and give Governor Gray a sly dig. 'Tis the fashion, you know.

WE are glad to notice that an effort will be made during the present session of the legislature to break down the big school book trust that has been sucking out the life of the public schools of our state for years. It is said that many of the school books are now sold for five times more than the state can furnish them.

AT last it seems that the friends of the Christian Sabbath in America are in a position to do efficient work. At the meeting in Washington Cardinal Gibbons presented a petition representing 7,000,000 Roman Catholics; Rev. W. F. Crafts, of New York, presented petitions representing 6,000,000 Protestants, and the different labor organizations of the country presented petitions representing 250,000 wage-workers, all demanding that the Sabbath be made a day of rest and that all business be suspended on that day.

SUPERSTITIOUS people look forward with some apprehension to the coming year. It happens that 1889 begins with a total eclipse, which astronomical event has not occurred before on January 1 for over 200 years and will not again occur on this date for another 300 years. To add to the gravity of the situation, from an astrological point of view, there are to be two solar eclipses in 1889. This, while not unprecedented, is still so unusual that, astrologically speaking, there is no telling what may and what may not happen before the fateful year is past.

MR. JAMES RUSSEL LOWELL, the ex-minister to England, and a reliable gentleman, makes the statement that some time ago he investigated the sentiments of English manufacturers in relation to tariff reform in this country. When that question became so prominent in this country in the late campaign he again went among them to confirm his former impressions. He found that they looked with disfavor upon any reform of the American tariff, believing that a reduction, and especially free raw material, tending to give the markets of the world to the push, energy and genius of the American people.

IT'S pretty tough if a man doesn't know his own name, but Charles A. Smith has brought suit against the Election Board of Hickory Township, Lawrence County, Pa., because his vote was refused. Smith assumed his name when he became of age, his parents being unknown. When a babe he was found in a cabbage-field by a farmer, and until he reached manhood was called "Cabbage." His vote was refused on the ground that he did not know his own name.

Resolutions of Respect.

The following resolutions were adopted by the members of Flat Rock lodge, No. 444, I. O. O. F.:

Whereas, It has pleased Almighty God in His wise Providence to remove from our midst, in calling from labor to reward our much beloved and highly esteemed sister, Sarah Ann Dawkins; therefore,

Resolved, 1, That in her we recognize a pure and noble character possessed of rare qualities of mind and heart and crowned by Christian virtues, who lived a pious and exemplary life.

That while we bow in humble submission to the will of our Heavenly Father, we are profoundly impressed that her family has lost a tender and affectionate wife and mother.

That we endeavor to cherish the example of a life so beautiful and now raised to immortality, believing that our loss is her eternal gain; and that though her body lies entombed, she yet speaks to us by precept and example to be diligent in the work to which her life was devoted.

That we tender our sincere sympathy to her husband and family in their great affliction.

That a copy of these resolutions be handed to the members of the family, and be printed in the FORT WAYNE SENTINEL.

A WORTHY AMBITION.

A man who is working to secure a small piece of property, substitutes a new and distinct ambition for a remote and vague one. Day dreams about large estates and princely incomes may be very amusing, but they are not half as profitable as the vision of a lot 50x100, with a snug little dwelling-house upon it.

With this hope before him man will rise early and late, turning his hand cheerfully to any and every kind of work. He will have a motive for rigorous economy which will make it a pleasure. He will have visions of the last payments before him as a perpetual motive to moderation in passions, economy in expenses, abstinence from expensive pleasures and from expensive companions.

Thus it will come to pass that a judicious debt incurred at the beginning of a journeyman's or laborer's career, will become his good genius, watching over him, inciting him to all industry and to self-government. Every laboring man ought to own his own home. The first duty of the workingman should be to convert his earnings into real estate.—*Building News.*

POND'S EXTRA CT.

LETTERS FROM THE GOVERNORS.

It is a well-known fact that POND'S EXTRACT is used and recommended by more distinguished people than any preparation or remedy extant.

It is used in the household of the President as well as that of the humblest citizen; by members of the army and the navy, the Bar and the Bench, the pulpit and the press—all ranks and classes of people. To further illustrate this fact we append a few of the more recent letters from Governors of different States:

The Governor of New Hampshire.

GENTLEMEN: I have used POND'S EXTRACT in my family for several years, and have found it a most desirable and valuable remedy. Yours truly, MOODY CURRIER.
Dec. 3, '87.

The Governor of Pennsylvania.

GENTS: POND'S EXTRACT has been a valued reliance in our family for several years, especially in relieving the aches, sprains and bruises incident to children.
Very truly yours,
Nov. 30, '87. JAMES A. BEAVER.

The Governor of New Jersey.

DEAR SIR: I have for many years used POND'S EXTRACT, and have derived great benefit and relief therefrom. Yours truly,
Dec. 5, '87. R. S. GREEN.

The Lt.-Governor of Illinois.

GENTLEMEN: POND'S EXTRACT has long had a place in the medicine chest of my family. I assure you that we have found it a ready and valuable agent to relieve pain in many cases, and that very promptly. We cannot well keep house without it.
I am, truly yours,
Oct. 10, '87. J. C. SMITH.

POND'S EXTRACT is invaluable for all kinds of Pain, Inflammation and Hemorrhages.

Excellence invites imitation. Beware of worthless imitations of POND'S EXTRACT.

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVeau, 262 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykins, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and bilousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 24 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headache, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.

Mason & Hamlin offer, as demonstration of the unequalled excellence of their organs, the fact that at all of the great World's Exhibitions, since that of Paris, 1867, in competition with best makers the highest

Mason & Hamlin do not hesitate to make the extraordinary claim for their pianos, that they are superior to all others. They recognize the high excellence achieved by other leading makers in the art of piano building, but still claim superiority. This they attribute solely to the remarkable improvement introduced by them in the year 1885, and now known as the "MASON & HAMLIN PIANO STRINGER," by which is secured the greatest possible purity and refinement of tone, together with greatly increased capacity for standing in tune and other important advantages.

OUT WITH THE KING.

The Good Time Which Landlord Leland Had in the Sandwich Islands.

[Chicago Times.]

Louis Leland, proprietor of the Leland, Chicago, was the landlord of the Occidental Hotel in San Francisco in 1864. During that year he sailed for the Sandwich Islands, on the Ajax, the first of the Pacific line of steamers to make the voyage. His pockets bulked out with letters of introduction to dignitaries on the island. The young king, who had been educated in Europe, carried things with a high hand. His palace and all the surroundings were of the latest designs. There was no sitting on the floor in that court, even if it had just emerged from barbarism.

Mr. Leland is extremely reticent regarding the high estate from which he has fallen. Transition from the glitter of a royal palace to an everyday California hotel crushed him and he has never recovered. A traveler who was recently in the city, and who met Mr. Leland first at a court ball, is responsible for the disclosures of the hotel man's royal life. Among the many beautiful Hawaiian women was the wife of a banker named Bishop, who originally came from Massachusetts, and, with Yankee shrewdness, rose high financially in the royal favor. Mrs. Bishop was an estimable lady and by her many graces and rich, dusky beauty, led the society of court. Not only did mine host Leland capture the king but he won favor with both Mr. and Mrs. Bishop, who introduced him in court circles. A magnificent court ball was given, which the informer of Mr. Leland's high life also attended.

"You should have seen it," he said. "No sight on earth could equal it, I think, in varieties of color of the attendants. There were the white residents upon the islands, and, by contrast, a few full-blooded natives. There were dusky beauties and knights of mixed natives and white blood. A few Chinese, Japanese, and Portuguese merchants were present. It was the most unique sight I ever saw. The King had given a banquet to a few of 'the boys' several nights before, in honor of his distinguished guest. His Majesty wore at the banquet that famous feather robe which is still in possession of his successor, Kalakaua. This robe is composed of delicate white feathers, fastened blindly to some cloth surface. But two of these feathers can be secured from the throat of a single bird, native of the islands. It is of almost priceless value. As His Majesty prepared to withdraw he threw this feathered robe, in his affectionate hilarity, over Leland's shoulders. There was Leland bowing himself out, beaming, with a series of parlor-floor-suite smiles and clad in the feathered robe, with royalty clinging to his arm.

"Leland's health began to fail with so much high life, and the King tendered him his summer seat by the ocean for a few days' recreation. The hotel man, surfeited with royalty, accepted. Some of his friends of the Ajax, jealous of Leland's life in the lap of luxury, visited the country seat during the first night of his occupancy and painted in big letters across the front the name of Leland's caravansary in Frisco. 'Occidental Hotel.' The occupant's amazement when he viewed the painting next morning was apparent. With his remarkable intuition of the terrible consequences of royal disfavor Leland fled for the ship after a hasty adieu to his kingly host before the enormity of the defense could be discovered. But he brought away numerous evidences of His Majesty's favor, which he is very prone to show even at the present day."

"We Point with Pride"

To the "Good name at home," won by Hood's Sarsaparilla. In Lowell, Mass., where it is prepared, there is more of Hood's Sarsaparilla sold than of all other medicines, and it has given the best of satisfaction since its introduction ten years ago. This could not be if the medicine did not possess merit. If you suffer from impure blood, try Hood's Sarsaparilla and realize its peculiar curative power.

A SPLENDID entertainment, consisting of beer, bread and cheese and dancing, was lately given at Friedrichsruhe by Prince Bismarck to all his workmen and the administration for cutting down trees on the estate, upon which there is a vast amount of timber cutting. The occasion was the leveling of the one hundred thousandth tree. It was over 150 feet in height, and will be erected in front of the Prince's house as a memento. The wood is mostly turned into paper pulp.

THE LOVER AND THE ARTIST.

A Boston artist declares that a newly-betrothed lover commissioned him to paint a certain secluded nook in the rocks on the shore, because there he had declared his passion. The picture was painted, but before it was done the lover said to the artist: "Of course I will see you through on that picture, but my engagement is off, and, of course, it would be painfully suggestive to me. If you can sell it to somebody else I will take another picture and be extremely obliged besides." The painter assented to the arrangement, but within a week his patron again presented himself. "It is all right," he announced, joyously. "I'll take that picture."

"Am I to congratulate you on the renewal of your engagement?" the artist asked. The other seemed a little confused, but quickly recovered his self possession and grinned, as he said, "Well, not exactly. It was the same place but the girl was different."—*Providence Journal*

AN amusing incident occurred the other day in Birmingham, Ala. A lady employed a little negro boy, and, as he was very ragged, she bought him a new suit of clothes. He immediately announced his intention of leaving her employ. Determined that he should not take the clothes with him, she stripped him, and wrapped a blanket around him. He dashed into the street naked, and the lady took after him. An extremely unique chase was the result, which was finally terminated by the capture of the boy.

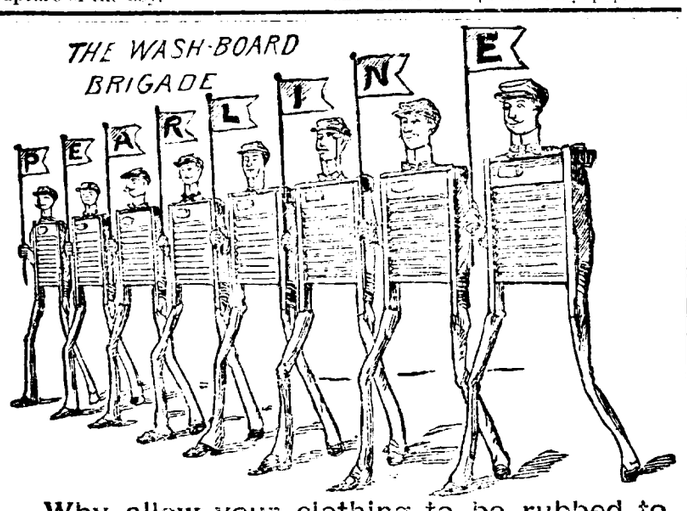

JOHN G. WHITTIER, the poet, in a letter to the Secretary of the Howard Association of London, thus defines his religious belief: "I like practical Christianity and true following of the Master. I weary of creeds and dogmas more and more. I love the old ways of Grellet and Woolman, but I have no controversy with others. I am now in feeble health. My work is done. I wish it were better done, but I trust and am thankful that I can glory in myself. My sole trust is in the goodness of God."

Health is impossible when the blood is impure, thick and sluggish, or when it is thin and impoverished. Such conditions give rise to boils, pimples, headaches, neuralgia, rheumatism and other disorders. Ayer's Sarsaparilla purifies, invigorates, and vitalizes the blood.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

My Poor Back!

That "poor back" is held responsible for more than its share of the sufferings of mankind. If your dog bites a man who kicks it, do you blame the dog? On the same principle the kidneys utter their protest against nervousness, impure blood, and resulting constipation. These force them to do extraordinary work in ridding the system of the poisons which are the result of effete matter retained in the blood. Then the sufferer says the back aches; the kidneys are diseased. "Not yet;" but they will be unless the nerves are strengthened, the blood purified, and the constipation removed. These are the causes of kidney troubles, and Paine's Celery Compound removes them quickly. With its tonic, purifying, and laxative effect, it also strengthens the weak kidneys, making it almost infallible in curing all diseases of the nerves and kidneys. If your hopes of cure have not been realized, try Paine's Celery Compound; it gives perfect health to all who complain of "their poor backs." *Price $1.00.*

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for

Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by *impure blood,* which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease,* also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

That handsome actor, Mr. Frederick Bryton, has had more geunine success with his play, "Forgiven," than any drama ever presented. The sale of seats are now in progress. It is thought that the Temple will have the largest audience that ever assembled in that theater on January 3.

Nate Salsbury, well known from his connection with Salsbury's troubadours and later with Buffalo Bill's wild west, is Frederick Bryton's partner and directly manager of all his business. Their contract was originally for twelve years and has nine yet to run. In addition to the fact that they are partners, it may also be said that they are bosom friends.

Some rascals have been poisoning valuable dogs about the city, especially in the west end, and some people are rash enough to say that a few policemen know more about the cowardly business than they dare to tell. If all the dogs are killed off what protection have homes against burglaries? "Read the answer in the stars," there are no "sleepers" there.

Next Monday Messrs. Louis Wolf & Co., will commence tearing down the plastered ceiling in the second story room of their mammoth store building, and will replace the same with a wood ceiling. The side walls will be painted and papered, and the room will be put in a magnificent shape for their customers. The improvement will add greatly to the beauty of the firm's store room.

Heilbronner & Brown are selling pools on the republican race for the postoffice. The names of Capt. F. F. Boltz, Capt. A. H. Dougal, Mr. B. W. Skelton, Mr. A. Dougherty, Mr. J. W. Hayden, Mr. N. R. Leonard, Mr. H. C. Hartman and Mr. D. C. Fisher are already on the board. Three pools are purchased on Mr. Leonard, two on Mr. Dougal, one on Mr. Boltz, one on Mr. Skelton and five on the field against the whole party.

Mayor Muhler had Henry Williams and Thomas Mathews arraigned before him for vagrancy this morning. He thought to give the men their liberty, so he sentenced them to jail, handed the necessary papers to each one and said: "Go to the jail, present the papers and the turn-key will admit you." His honor supposed, of course, that the fellows would vanish through the first alley-way, but they did not. Instead, they went straight to the jail and are now doing New Years honors on bread and water.

The Caledonian society held a delightful festival last evening at their hall. It was called a "Hogmanay" festival, and is of Scotch origin. The time was delightfully spent in literary exercises and dancing, and at midnight a delicious supper was served. Capt. J. B. White, the president, presented the society with a substantial New Year's gift, in the shape of a copy of Webster's dictionary, and a set of Chamber's encyclopedia. The affair was arranged by the ladies' auxilliary of the socciety.

Judge Walter Olds, of Columbia City, passed through the city yesterday on his way to Indianapolis. While in that city he will probably tender his resignation as judge of the circuit composed of Whitley and Kosciusko counties in order to accept a position as a member of the supreme court of the state. Judge Olds is probably the youngest member of that bench. It is an undecided question as yet as to who Governor Gray will appoint to the vacancy created by Judge Old's resignation. A. G. Wood, of Warsaw, has many friends who are doing all in their power in his interests, and the respective friends of Mr. Adair and Thomas Marshall, both of Whitley county, are pushing their claims to the utmost of their ability. The question, however, will soon be determined.

THE MERRY DANCE.

The Mail Carriers Make a Bow in the Ball Room—The Carpenters Whirl Pretty Frames.

Verily, indeed, the old year was danced out and the new year in, for everywhere one turned on the business streets last night, the fog-horn voice of the caller, crying "all balance; swing!" rang on his ear, while tuneless fiddles made sad havoc of melody. There were exceptions, of course, to the citations, the most notable being the mail carriers' ball at the Princess rink. Colonel Kaough, in full dress, smashed a heart at every step, while his clerks and assistants, notably, Mr. Rony, were conquering heroes. They were in the best of humor, too, for no less than four hundred people filed into the Princess rink during the evening and most of them remained, at least long enough to exchange New Year greetings as the midnight hour sped on.

The twenty-four numbers on the program were divided by the banquet and there was more pleasure than any one could ensconce.

The occasion will be memorable and the following gentlemen contributed to its success:

Committee of Arrangements—Michael Houlihan, Ed. J. Ehrman, Otto Herbst, Con Schuler, Fred C. Vollmer, Tom Shelvey and John Gloeckle.

Floor Managers—Ed. J. Ehrman, Con Schuler, Wm. Clear, Fred Roney, Will Zimmerly, Louis Calmelat, John Schulz, Wm. Bohling.

Reception Committee—William Kaough, Otto Herbst, Geo. J. Alter, Frank P. Mensch, Chas. A. Hans, Fred C. Vollmer, Tom Shelvey, Gust LeGraw, Joe Meehan, Joe C. Williard, John Gloeckle, Michael Houlihan and Paul Richter.

THE CARPENTERS AND JOINERS.

The Brotherhood of Carpenters' and Joiners' gave their first annual ball, at Ewing hall, last night and had a large and genteel attendance. Twenty-four numbers were on the program and the old year was danced out and the new year in before the guests went to banquet. It was a rare pleasure to see the carpenters swinging plump "frames" and "joining" the fair ladies. The affair was very handsomely managed by these committees:

Committee on arrangements—John C. Iten, George Fisher, D. Thiele.

Reception committee—Fred Miller, Jeff Marsh.

Floor managers—C. Kiser, D. Thiele, H. Lapp, Julian Waggoner.

The Troy Steam Laundry

Asks no bonus, for we are no struggling industry soliciting alms, but we do ask for a broader recognition of our merits as a considerable factor among the working enterprises of this growing city.

We employ the best skilled citizen-labor, selected from a wide variety of applicants, and are not scant in our compensation of the same. Our work is clear, clean, white and pliable and is as great a contrast to the looking-glass finish, yellow, hard and brittle of John Chinaman, as a well conducted home business giving employment to fifty citizens and support to half as many families is a notable contrast to the half-fledged, ill-looking, unclean shanties that go under the name of Chinese joints. We invite a critical examination of our premises and methods, and ask for nothing that we have not honestly worked for. Our offices are conveniently located in different parts of the city and our wagons are running continually and will answer any calls promptly. Telephone No. 160.

Very truly,

Robert Spice, Dealer in Pumps, Etc.

Robert Spice, at 48 West Main street, is the only wholesale and retail dealer in pumps exclusively in the city and this territory embraces all the surrounding counties. He also makes a specialty of repairing pumps of all kinds and furnishes duplicate parts to a large number of different manufacturers. In pumps he handles nearly all styles in modern use, wooden, iron, cistern chain and drive wells. In the latter class he does a very extensive business and makes another specialty of them. For the last few years he has put down nearly all the wells of this description to be found in this vicinity. His facilities are so complete that he can put down a well at prices that practically defy competition, and the extensive business he does enables him to furnish everything in his line at remarkably low figures. Mr. Spice also handles the Star wind mills, undoubtedly the best wind engine now on the market.

Man wants but little here below,
But wants that little strong.

This is especially true of a purge. The average man or woman does not precisely hanker for it, as a rule, but when taken, wishes it to be prompt, sure and effective. Dr. Pierce's Pleasant Purgative Pellets leave nothing to be desired in point of efficacy, and yet their action is totally free from any unpleasant symptoms, or disagreeable after effects. Purely vegetable, perfectly harmless.

PULL THE THROTTLE!

For the Bright Young Year is Here—May it be a Prosperous One for the Men Who Toil.

A happy New Year.

Swear off the rum habit, boys.

The busy industries are closed down to-day.

Ed. Gillette, machinist at the Wabash shops, is ill with pneumonia.

Most of the manufacturing establishments were closed down to-day.

A number of the railroad and shop boys took in the mail carrier's ball last night.

Henry Stocking, the veteran engineer, is recovering slowly after a long illness.

The manufacturing establishments of the city start the new year with a good showing.

Engineer John Cowan, formerly of the Fort Wayne road, died yesterday at Denver, Col. The remains will be brought to this city for interment.

Some of the leading business men of the state are now moving to have a bill passed by the legislature of Indiana at its coming session making two cents per mile the rate for carrying passengers.

Official notification has been made of the appointment of Mr. A. D. Dwelle, formerly chief clerk to the position of assistant general passenger and ticket agent of the Wabash railroad, with headquarters at Chicago. Mr. Dwelle is a young man who by his energy and industry has worked himself to the front, and has many friends who are pleased to note his advancement.

A tramp named Hughes was discovered in a box car on the Pennsylvania railroad, at Altoona, Pa., Sunday, dying from hunger. Last Wednesday he secreted himself in the car at Newark, N. J., intending to steal his way west. Before leaving Newark the car was locked, and was not opened until to-day. The poor fellow had had nothing to eat or drink for five days, and when found was speechless.

The Pennsylvania line is the government's favorite mail route from the east to the west. That company receives for carrying the mail from New York to Philadelphia, $182,000 per year; Philadelphia to Pittsburg, $484,000 per year; Pittsburg to Chicago, $193,000 per year; Pittsburg to Columbus, $203,000; Columbus to Indianapolis, $140,000 per year; Indianapolis to St. Louis, $170,000 per year. There are a number of trains which carry mail matter alone and have the right to the track over all other trains.

Receiver McNulta, with permission of the court, has leased the extensive agricultural works property at Springfield, Ill., and will convert the establishment into car shops, where the repairing of the western division of the Wabash system will be done. In leasing the works he reserves the right to purchase the property at $25,000 at any time within the next ten years, which is really equivalent to a purchase. The buildings are nearly one thousand feet long by forty feet wide and well equipped with machinery, much of which will come in good use for the car shops.

Eugene Fontaine, now of Toledo, but formerly of this city, has invented a railroad appliance that promises to be one of great importance. It is an automatic signal or mile post that will indicate to a minute how long since a train has passed a given point. There is an indicator, similar in appearance to a switch stand, on which is a dial and a hand which denotes the minutes and hours since a train has passed. These placed at short intervals along a track will show an engineer just how far he is behind a preceeding train. Railroad men pronounce it a grand thing. Mr. Fontaine is the inventor of the Fontaine engine and the Fontaine continous railroad crossing.

John A. Logan is said to be decidedly happy. He has found out the secret of successful campaigning. It is a plentiful supply of Dr. Bull's Cough Syrup. It keeps a man calm and serene.

Your interest demands a visit to Louis Wolf & Co.'s cloak room.

COMPANY.

Looking at the year just closed from a business standpoint we are more than satisfied. Our efforts during the year have been in the direction of good goods at low prices and our sales for 1888 warrant us in saying that the trading public has appreciated our efforts.

Established in 1839 by R. and J. W. Townley, the house of George DeWald & Co., has for fifty years been known to the people of Fort Wayne and the surrounding country. During the half hundred years of its existence its aim has been to so conduct its affairs as to win an honest place in this city and a record of honorable dealings. Have we succeeded? If so it has been with your help, for which we return thanks and wish you all a Happy New Year.

GUM SCHOOL LAWS.

The State Teachers' Association Suggests Important Changes.

The State Teachers' association, in session at Indianapolis, suggested a number of recommendations that prove interesting to persons engaged in educational work in this city. As every parent desires his child to receive such instruction in the common schools as will be of aid in after life, it is also his duty to keep well informed of the proceedings of the association. The convention took up each proposed recommendation one at a time. The first was that of compulsory attendance, which means the same as compulsory education. After some little consideration the convention agreed that compulsory education was what the state should have. With compulsory education many young boys who are now running wild on the streets of this city would be compelled to attend school. The second recommendation was the enlargement of the power of the state board. The third was to the effect that township trustees should be elected for four years instead of two, as they now are. It also recommends that township trustees be compelled to make a registration of all township orders in the county auditor's office within thirty days after their payment; and, also, that the trustees should make an annual report of the finance of their office. The convention adopted the recommendations.

The fourth recommendation has to do with the appointment of the county superintendents. This was, of course, a vital matter to the members of the convention. The recommendation was to the effect that county superintendents be appointed for four years, and that they should be eligible for the office only when they hold state licenses as teachers. A strong minority fought against it as best they could but finally surrendered and the recommendation was adopted. Under the law a man who could not obtain even a six months' license as a teacher, that is, an ignorant man, can become a county superintendent if he has enough political friends. After the passage of the recommendation the convention caused the appointment of a committee of five to consider the remaining recommendations with power to act.

Fabulously low prices at Louis Wolf & Co.'s cloak room.

TWENTY bags containing $50,000 were being conveyed by two men in a cab from one of the London banks recently, when the bottom of the cab gave way and all the bags fell into the street. It was a minute or so before the men could attract the attention of the driver and get him to stop, and the bags were left some distance behind. They were all there, however, when the men hurried back. There were few persons on the street at the time.

ST. LOUIS FLAMES!

An Immense Drug House Destroyed—A Hotel Visited by the Fiend With Fatal Effects.

ST. LOUIS, Mo., Jan. 1.—The immense six story brick building of the Richardson Drug Co., at the northwest corner of Fourth and Clark avenues, was reduced to ruins this morning. The fire was discovered at 2:20 a. m., in the brick warehouse and the combustibles made the fire so fierce that five minutes after the alarm was turned in the buildings across the street were smoking and ready to burst into flames.

Every few minutes a terrible explosion occurred. The entire six floors were filled with combustible goods, and a great portion of the stock was inflammable. The flames spread with great rapidity, and at 3 o'clock the immense building was in ruins. The building is valued at $200,000 and was the largest drug house in the country. The Woods masquerade store was also destroyed. The loss including stock is estimated at $1,000,000.

ANOTHER ONE.

Between 5 and 6 o'clock, this morning, a fire broke out in Scellers' hotel, North Sixth street. Some twenty-five or thirty people were in the place, and a scene of great excitement ensued, during which three women jumped from the third story. These were Mary Weasland, who, besides being badly burned about the head and body, had an arm broken and inhaled the flames. She died at the hospital. Mary Davidson had her arm broken in two places, and received severe scalp wounds. Lizzie Burham also received scalp wounds, and had an arm broken. The fire was a trivials flair.

ROCKVILLE, Conn., Jan. 1.—The Windsor cassimere mills were burned this morning. Loss, $40,000; insurance, $20,000. Seventy-five hands are employed.

THE QUESTION.

The New Men Will Not Be Discharged for the Strikers.

CHICAGO, Jan. 1.—In regard to the rumor that the strike of the engineers on the Chicago, Burlington and Quincy railroad had been settled, Vice President Stone said that yesterday's conference had adjourned till Wednesday, which was evidence that no conclusion had been reached.

The company, he said, would not recede in the slightest degree from its present position. Not one of the engineers, firemen, switchmen or brakemen would be discharged to make way for the strikers. Justice must be done to the new men.

A HICKSVILLE FIRE.

The Magnificent Opera House at Hicksville, O., Destroyed.

HICKSVILLE, O., Jan. 1.—The large brick opera house at this place was destroyed by fire early this morning. The loss on the building is $10,000; on stock $15,000. The loss is fully covered by insurance. The cause of the fire is unknown. The property was owned by E. N. Lewis, of Defiance, O. It was the finest opera house in the county.

THE WHEELS CLOGGED.

The Busy Hum is Hushed Around the Railroad and Manufacturing Centers.

The busy hum of industry was hushed around the railroad and manufacturing centers to-day. The Pittsburg, the Erie, the Wabash, the Muncie, and the Nickel Plate shops, the Olds and White wheel works, and most of the other manufacturing establishments of the city were closed down, and the thousands of employes united in doing honor to the dawning of the new year.

The railroad employes of the city joined with the merry throng, for but little except passenger business was transacted on the roads running into this city. The freight houses were closed and an air of quiet pervaded all the busy centers. Our railroad reporter found his occupation gone for once, and contented himself with extending a New Years greeting to the ticket agents, who were about the only railroad office men on duty to-day.

Governor Hill.

ALBANY, N. Y., Jan. 1.—Governor Hill was inaugurated at noon to-day for the third term. A parade occurred according to program, and the Tammany throng was loudly cheered.

The Weather.

WASHINGTON, Jan. 1.—Indiana—Fair, warmer weather.

Mr. E. W. Uplinger, of Palestine, Ind., is at the Hotel Brunswick.

NEW YEARS DAY.

It Dawns With Beautiful Weather—The Features of the Occasion.

The weather is simply perfect in its way and may be taken as a good omen for New Years day, which was ushered in by the firing of cannon and fire arms last night, when there was no rest for the weary.

The occasion was observed in many churches this morning and sermons appropriate to the occasion were preached by the ministers.

Most of the business houses were dark all day and all of them closed at noon. The public offices were likewise locked all day long, so that the usual haunts were cold and chilly to reporters.

Minnie Maddern gave a matinee performance at the Temple this afternoon and will also play there to-night. The Princess skating rink was open, the hotels all spread sumptuous feasts, the public houses made punch for callers, and so ran the pleasures of the day, which closes to-night with the great Typographical union ball, at Morton club hall.

SOCIAL FEATURES.

The ladies of the Y. M. C. A. will spread a banquet for their callers this evening.

Miss Minnie Thompson, assisted by Misses Susie Thompson, Minnie Keel, and Mellie McCurdy, will receive at the Thompson homestead from 3 until 6 o'clock.

The young ladies of the Cooking club will receive their friends on New Year's evening after 8 p. m., at the residence of Joseph Brackenridge, No. 77 West Wayne street.

Mrs. Col. Robertson, assisted by the Misses Robertson, Marvin and Grace Hayden, will receive from 4 until 8 o'clock, at the residence of Colonel R. S. Robertson, on West Berry street.

Miss White and Miss Grace White will receive their friends from 6 to 9 p. m., at 60 Barr street, the residence of Congressman White. They will be agreeably assisted by Mrs. J. W. White, the Misses Elizabeth Thompson, of Sidney, Ohio, Celeste Gaylord, of San Antonio, Texas, Kittie MacDougal, Laura Lightfoot, Clara B. Humphrey, Miss Ward, of this city.

The Mesmus received their friends at the Temple parlors this afternoon.

HARD ON THE ICE MEN.

The Old Stock of Ice is Low and the New Crop is Not Yet Ripe.

"This is proving a hard winter on our business," said an ice dealer to a SENTINEL reporter this morning, "and the public will have to suffer for it when the summer months come. More than a month of the winter has passed and no ice has formed, although in former years it has been cut and housed between the holidays and the week following."

"How is the old stock?" was asked.

"Well, it is getting pretty low. Some firms may have enough to tide them over the summer, but they are few and confined principally to the large dealers who lay in a two years supply. This is probably true, too, with some of the breweries and other establishments who need ice largely in their business."

"How much cold weather is required to secure a good crop?"

"Ice is not cut until it is at least eight inches thick, and to freeze it this thick it will require zero weather for six days. If there is no ice formed here by the 15th of this month, some of our dealers will send men north to harvest it. It will then be brought to this city and sold for a high price. Ice is now regarded as almost as much a necessity as water. People must have it during the hot months and it looks now as if they would have to pay a good price for it—much more, anyhow, than was given last summer."

IS HE CRAZY?

The Strange Actions of John A. Mackay, the Comedian.

NEW YORK, Jan. 1.—The rumor spread in the dramatic circles last night that John A. Mackay, the comedian, had disappeared. He was to have appeared at the Grange opera house to-night, under the management of Mr. Berlinger, but later he received a note undoubtedly in Mackay's handwriting, in which the actor declared he was crazy and had gone to the hospital.

He concluded by saying: "Good bye, old fellow, you'll never see me again."

Inquiry was made at his house and at various haunts and at the hospitals, but no trace could be found.

Sid Hubbard, the genial proprietor of the Wayne barber shop, and wife, are visiting at DeHaven, Ohio, to-day.

AT THE WHITE HOUSE.

The President's New Year's Reception a Brilliant Affair—The Scene Described.

WASHINGTON, Jan. 1.—The white house has seldom, if ever, presented a more brilliant spectacle than to-day, the occasion of the president's New Year's reception. Special pains had been taken with the decorations and the beautiful suite of parlors, where the reception was held, never appeared to better advantage. The reception began at 11 a. m., at which hour the receiving party descended the stairs and took their places in the blue parlor.

As they appeared in sight the marine band, which was stationed in the main hall, started "Hail to the Chief!" and continued playing it until the party had taken their positions. A passage was made for them through the crowd that had already gathered in the house. They came in the following order:

Colonel Wilson and Lieutenant Duvall, of the army; President and Miss Bayard; Secretary Bayard and Mrs. Cleveland; Secretary Fairchild and Mrs. Whitney; Secretary Endicott and Mrs. Fairchild; Secretary Whitney and Mrs. Dickinson, and Secretary Vilas and Postmaster General Dickinson.

They took their places, with the president and Mrs. Cleveland first in line, then Miss Bayard, Mrs. Fairchild, Mrs. Whitney and Mrs. Dickinson in the order named. Grouped behind them were a number of invited guests, including Mrs. Folsom, Miss Mary Hastings, Miss Carrie Hastings, Mrs. Nelson, Mrs. Chief Justice Fuller, and others. The usual order of these receptions then followed. The weather was bright, the sun shining and cool.

GAY WHEELMEN.

They Give a Most Enjoyable Smoker—Who Were There and What They Did.

"Anything worth doing, is worth doing well," seems to be a motto adopted by the Fort Wayne Bicycle club, and the "smoker" at their elegant parlors, 142 Calhoun street, last night, was another illustration of the entertaining qualities of these gentlemen. All who were present declared it a success in every particular and complimented the members upon the happy thought of the plan, which proved to be a most appropriate manner to take adieus of the old year, and hail the advent of the new.

At an early hour a SENTINEL reporter timidly opened the door of their hallway, and slowly moved up the spacious stairway. As he reached the landing, his hand was grasped and a most courteous welcome accorded him by that prince of good fellows, Wm. Buckles, who ushered him into their parlors. Here all timidity vanished as member vied with member to make each person feel at home. All were friends and none strangers.

Their parlors are the most elaborate of any in the city. A suit of three rooms admirably adapted to the comforts and pleasures of the club, are most tastefully decorated and contain most costly furniture. In the rear parlor volumes of cards were having a merry time. In the central parlor, behind a most elaborate spread, dressed in full dress, stood Seidel, the caterer, who had been instructed to spare neither pains nor wealth to make this the grandest of his lay outs.

In the front parlors sat an enraptured audience listening to sweet strains of music from piano and flute by T. F. Thieme and August Bruder.

Dropping into an easy chair THE SENTINEL man looked through the clouds of smoke and recognized the following gentlemen: H. J. Ash, Adam Link, Frank F. Fee, Frank Stone, Harry Orr, Frank Koplinger, Harry Pickard, Ross McCulloch, Ed Detzer, Fred Beach, Alex White, Dave Randall, A. B. Olds, Herman Siemon, Charles Centlivre, Frank Ross, Martin Detzer, Arthur King, A. W. Jaxtheimer, William Buckles, Al Voget, Charles Cross, William Bostick, S. D. Hanna, L. Ohnhouse, Robt. Learmouth, Chas. E. Crull, J. E. B. Stewart, James Quillinan, Harry Arnold, Perry DeHaven, Frank Lightfoot, C. D. Low, Capt. Hugh Dicki, Frank Phillips, Harry Meyers, Theo. F. Thieme, C. A. Edgerton, A. W. Siemon, Frank Hongh, M. S. Mahurin, Fred Hanna, Geo. Rabus, Dr. A. P. Buchman, Dr. Whety, W. M. Leedy, J. F. Wood, Chas. Scheiman, LeRoy Hartzlar, Fred O'Connor, August Bruder, Frank Bissell, James H. Fry, Daniel O'Leary, D. H. Caldwell, C. Ward, Toledo, Ohio, Chas. Rabus, James White, O. Rose, Frank Graber, L. Jaxtheimer, Adam Snyder, Frank Morgan, Chas. Kuhne, Chas. Coleman, Harry Gibford, Homer Smith, Carl Swain, Theo. G. Seymour, Fred Thieme, Mr. Gossard, Wm. Meyer, jr., Harry Saimon, William Seybold, Ed. Noll, Frank Wise, John Armfield, Col. Cooper, of the *Journal*, and many others. All evening callers came and went, and with each went good luncheon, good cigars and the best of wishes for the new year.

No particular programme had been arranged and callers were free to move about at will. All was merry, and as the hour of midnight approached, each member of the club anxiously watched their clock in order to be the first to offer compliments of the season to their many guests.

NOTES.

The sales by C. D. Low and Sam D. Hanna were very fine and received great applause.

Clem Edgerton was at his best and was all smiles as he introduced the guests.

Theo. Theime held full sway at the piano and was applauded to a fault.

Perry DeHaven would have had the crowd smoked out if each time he passed cigars all had partaken.

A. W. Jaxtheimer remained at the lunch counter, and insisted that "no man go hungry."

LeRoy Hartzel is a whole orchestra; his playing on a harmonica and guitar at the same time was a master stroke.

The great art of manly defense was scientifically demonstrated by encounters between Wm. Meyer and Capt. Deihl, Buckels and Noll, C. D. Low and Chas. Centlivre, Harry Pickard and Frank Ross, Rabus and Randall. Two rounds each were sparred, resulting in a draw in each case, excepting the last, where both contestants were knocked out.

THE SENTINEL wishes each member of the club a Happy New Year, and hopes the future will have naught but prosperity for this organization.

S. F. BOWSER AND CO.

Manufacturers of the Perfect Self-Measuring Oil Tank, 260, 262, and 264 East Creighton Avenue.

This firm is composed of S. F. Bowser, Aug. Bowser and Wm. F. DeVilbiss, and is unlike many other firms of this city. Hardly anyone knows anything about it, and yet it is possibly the most prosperous concern of its size in the city. It commenced the manufacture of the above named goods three years ago at 264 East Creighton avenue, in a room fourteen feet square, and no capital to speak of. By good business management they made the business pay its way, and each year added to their works, till now they have over eight thousand square feet of floor. There they have the best of steam power and machinery needed in their works, and a brass and iron foundry to make their own castings used in the construction of their pump. The above result is due to two reasons.

First—These men are wide-awake; energetic business men.

Second—They are the inventors and patentees of the above named oil tank and pump.

This oil tank is THE oil tank of this country. They say there is no firm that makes any pretension of competition with them in point of convenience, cleanliness and labor-saving, and this fact is apparent when we learn that they in this short space of time, under all the disadvantages in the first two years of their beginning, have about five thousand tanks in the market, and ship to every state in the union except three. They say business is very good, and will more than likely necessitate the building of another addition in the spring.

A MIDSHIPMAN'S CHEST.

Each chest contains all the worldly possessions of one officer, which, thus packed, are as inaccessible as they well can be. Immediately under the lid are three or four shallow trays. One of these are fitted as a washstand, with basin, mug, soap-dish, and receptacle for tooth-brushes. Another till is a sort of loose box for everything; while a third contains a miscellaneous collection of neckties, handkerchiefs, pipes, money, and a limited stock of jewelry. Under these trays, and packed more or less tidily, according to the tendencies of the marine servant who "looks after" each young gentleman, are his uniforms, suits of plain clothes, boots, linen, and articles of haberdashery. After this explanation, my readers will not find it difficult to understand why the expression "everything on top, and nothing at hand, like a midshipman's chest," is commonly applied to any chantic disarrangement on board ship.—*Lieut. F. Harrison Smith, R. N., in St. Nicholas.*

FATAL FIGHTS!

A Bloody Battle in Georgia and on its Heels Comes a Fatal Stabbing Affray at New York.

AUGUSTA, Ga., Jan. 1.—A report reached here last night of a bloody fight about eighteen miles from this city, in which all four participants were badly injured.

NEW YORK, Jan. 1.—This morning Michael Crow, was stabbed in the breast during an altercation with his brother-in-law, and soon after died. Crow's assailant was arrested.

ADDITIONAL LOCAL NEWS.

W. A. Gutelius and M. A. Justus, of Bluffton, are in the city.

The Typographical union ball takes place at Morton hall to-night.

"Peck's Bad Boy" company played to a large audience at the Temple last night, and went to Huntington to elevate the drama to-night.

The funeral of Mr. Louis Webber will take place to-morrow, at 8 o'clock, from the residence of Mr. Nicholas Wither, and at 9 o'clock from the St. Peter's Catholic church.

The farewell leap-year party given last evening by the gentlemen of the Grace Reformed church was an elegant affair and nicely carried out in every detail. The supper included all the good things of the season, and was served from 6 to 10 o'clock. The literary part of the entertainment was grand and reflected credit upon the managers. Among the features worthy of note were the colored jubilee singers, the Woolsey quartette, a humorous speech in the German dialect by Mr. J. W. Vondermark, a comic address by Mr. F. W. Blair, a solo by Mr. Hayden and an address by the pastor, Rev. A. E. Zartman.

Our Street Car Facilities.

No public improvement made in Fort Wayne for many years has been more marked than that made in the street car service during the past year. When the re-organization of the company was effected over a year ago THE SENTINEL honestly believes that Fort Wayne was possessed of the most villainous transit service to be found this side of the Andes mountains. The cars were far apart, the track was terrible, and persons patronized it only when they had time to kill. Immediately upon the re-organization of the company a new era began to dawn. New track was laid, new cars were put on, new horses were bought, new men were employed, and a new management at once put new life into the whole concern. During the past year the lines have been extended until every portion of the city can now be reached in a few minutes' ride, and Fort Wayne can now boast of a better street car service than can be found in any city of its size in the country. Much of this must be credited to the progressive management of Mr. L. D. McNutt, the superintendent of the lines. One of the latest improvements made by the company is the new barn near Glasgow avenue, on Washington street. It has stable room for 100 horses and storage for 1,000 tons of hay. Besides this there is connected therewith a car house, a shoeing shop, repair shop, paint shop, etc.

Wing and Mahurin.

The firm of Wing & Mahurin is one of the best known in the city, and as architects they have a reputation that extends over this and all adjoining states. During the past season their business has increased nearly 50 per cent., and they have done a building business of over $300,000. Among the most notable of their local work during the past year is the Pixley-Long block and the intelligence-minded institute, which is now in course of construction. To these are also added the D. N. Foster European hotel, on East Berry street; the St. Paul Lutheran church, and a number of handsome residences in the city, besides the electric light and power station, the Bluffton bank, and a number of other business blocks.

LOUIS WOLF & CO.

DR. GEFFCKEN'S imprisonment in the Moabit Prison in Berlin is described as a comfortable one. He occupies two cells, one being the size of a large room and pretty well furnished. He is permitted to cater for himself, and is at perfect liberty to use his pen in private correspondence, which is, however, subjected to censorship. He is also allowed to take outdoor exercise by himself.

TUESDAY, JAN. 1, 1889.

TIME inscribes it 1889.

THE new leaf is open. Keep it clean.

THE Indiana legislature will meet next week.

EVERY man can be his own temperance apostle.

WOULDN'T it be an innovation if the officers enforced the laws.

THE man who can cut away from his bad habits is a hero all through.

A GREEN Christmas and a green New Years smashes the old proverbs into bits.

The young man who opens the new year with a spree will live to rue the day.

THE new year dawned brightly. It is an invitation to improve each shining hour.

RESOLVE to boom the city. A little more love of home and less admiration abroad is necessary.

CHOOSE the best resolution on the calendar and keep it. A man who cannot say "no" should not be trusted with "yes."

A NOTABLE feature of New Years day now is its observance in the churches. Christianity extends its influence to all things.

RETURNS are not all in, but as far as heard from Rutherford B. Hayes is the only republican statesman who doesn't want office.

THE *Gazette* presented a beautiful appearance this morning in its new dress, looking as bright and neat as a new gold dollar. May our kind neighbors prosper and grow fat.

THE proposition to raise the saloon license in the state to $500 is being agitated. The Indianapolis *Journal*, General Harrison's organ, is making a fierce plea for high license and this gives it prominence.

INDIANAPOLIS is already haunted by the agents of the school book trust anxious to deepen their fangs on the purses of the people. We shall see what our representatives do to wipe out this monstrous evil.

NO LESS than a dozen White Cap outrages were reported from Ohio last week. The *Gazette* should again congratulate the windy Governor Foraker on their suppression and give Governor Gray a sly dig. 'Tis the fashion, you know.

WE are glad to notice that an effort will be made during the present session of the legislature to break down the big school book trust that has been sucking out the life of the public schools of our state for years. It is said that many of the school books are now sold for five times more than the state can furnish them.

AT last it seems that the friends of the Christian Sabbath in America are in a position to do efficient work. At the meeting in Washington Cardinal Gibbons presented a petition representing 7,000,000 Roman Catholics; Rev. W. F. Crafts, of New York, presented petitions representing 6,000,000 Protestants, and the different labor organizations of the country presented petitions representing 250,000 wage-workers, all demanding that the Sabbath be made a day of rest and that all business be suspended on that day.

SUPERSTITIOUS people look forward with some apprehension to the coming year. It happens that 1889 begins with a total eclipse, which astronomical event has not occurred before on January 1 for over 200 years and will not again occur on this date for another 300 years. To add to the gravity of the situation, from an astrological point of view, there are to be two solar eclipses in 1889. This, while not unprecedented, is still so unusual that, astrologically speaking, there is no telling what may and what may not happen before the fateful year is past.

MR. JAMES RUSSELL LOWELL, the ex-minister to England, and a reliable gentleman, makes the statement that some time ago he investigated the sentiments of English manufacturers in relation to tariff reform in this country. When that question became so prominent in this country in the late campaign he again went among them to confirm his former impressions. He found that they looked with disfavor upon any reform of the American tariff, believing that a reduction, and especially free raw material, tending to give the markets of the world to the push, energy and genius of the American people.

IT'S pretty tough if a man doesn't know his own name, but Charles A. Smith has brought suit against the Election Board of Hickory Township, Lawrence County, Pa., because his vote was refused. Smith assumed his name when he became of age, his parents being unknown. When a babe he was found in a cabbage-field by a farmer, and until he reached manhood was called "Cabbage." His vote was refused on the ground that he did not know his own name.

Resolutions of Respect.

The following resolutions were adopted by the members of Flat Rock lodge, No. 444, I. O. O. F.:

Whereas, It has pleased Almighty God in His wise Providence to remove from our midst, in calling from labor to reward our much beloved and highly esteemed sister, Sarah Ann Dawkins; therefore,

Resolved, 1, That in her we recognize a pure and noble character possessed of rare qualities of mind and heart and crowned by Christian virtues, who lived a pious and exemplary life.

That while we bow in humble submission to the will of our Heavenly Father, we are profoundly impressed that her family has lost a tender and affectionate wife and mother.

That we endeavor to cherish the example of a life so beautiful and now raised to immortality, believing that our loss is her eternal gain; and that though her body lies entombed, she yet speaks to us by precept and example to be diligent in the work to which her life was devoted.

That we tender our sincere sympathy to her husband and family in their great affliction.

That a copy of these resolutions be handed to the members of the family, and be printed in the FORT WAYNE SENTINEL.

A WORTHY AMBITION.

A man who is working to secure a small piece of property, substitutes a new and distinct ambition for a remote and vague one. Day dreams about large estates and princely incomes may be very amusing, but they are not half as profitable as the vision of a lot 50x100, with a snug little dwelling-house upon it.

With this hope before him man will rise early and late, turning his hand cheerfully to any and every kind of work. He will have a motive for rigorous economy which will make it a pleasure. He will have visions of the last payments before him as a perpetual motive to moderation in passions, economy in expenses, abstinence from expensive pleasures and from expensive companions.

Thus it will come to pass that a judicious debt incurred at the beginning of a journeyman's or laborer's career, will become his good genius, watching over him, inciting him to all industry and to self-government. Every laboring man ought to own his own home. The first duty of the workingman should be to convert his earnings into real estate.—*Building News.*

POND'S EXTRACT.

LETTERS FROM THE GOVERNORS.

It is a well-known fact that POND'S EXTRACT is used and recommended by more distinguished people than any preparation or remedy extant.

It is used in the household of the President as well as that of the humblest citizen; by members of the army and the navy, the Bar and the Bench, the pulpit and the press—all ranks and classes of people. To further illustrate this fact we append a few of the more recent letters from Governors of different States:

The Governor of New Hampshire.

GENTLEMEN: I have used POND'S EXTRACT in my family for several years, and have found it a most desirable and valuable remedy. Yours truly. MOODY CURRIER.
Dec. 3, '87.

The Governor of Pennsylvania.

GENTS: POND'S EXTRACT has been a valued reliance in our family for several years, especially in relieving the aches, sprains and bruises incident to children.

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until **Ayer's Sarsaparilla** did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVeau, 262 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykens, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and biliousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 24 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headache, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. Martyrs to headache should try

MASON & HAMLIN

The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.

Mason & Hamlin offer, as demonstration of the unequaled excellence of their organs, the fact that at all of the great World's Exhibitions, since that of Paris, 1867, in competition with best makers of all countries, they have invariably taken the highest honors. Illustrated catalogues free. **ORGANS** $22 TO $900.

Mason & Hamlin do not hesitate to make the extraordinary claim for their pianos, that they are superior to all others. They recognize the high excellence achieved by other leading makers in the art of piano building, but still claim superiority. This they attribute solely to the remarkable improvement introduced by them in the year 1882, and now known as the "MASON & HAMLIN PIANO STRINGER," by the use of which is secured the greatest possible purity and refinement of tone, together with greatly increased capacity for standing in tune and other important advantages. **PIANOS** GRAND & UPRIGHT.

A circular, containing testimonials from three hundred purchasers, musicians, and tuners, sent, together with descriptive catalogue, to any applicant.

Pianos and Organs sold for cash or easy payments; also rented.

OUT WITH THE KING.

The Good Time Which Landlord Leland Had in the Sandwich Islands.

[Chicago Times.]

Louis Leland, proprietor of the Leland, Chicago, was the landlord of the Occidental Hotel in San Francisco in 1864. During that year he sailed for the Sandwich Islands, on the Ajax, the first of the Pacific line of steamers to make the voyage. His pockets bulked out with letters of introduction to dignitaries on the island. The young king, who had been educated in Europe, carried things with a high hand. His palace and all the surroundings were of the latest designs. There was no sitting on the floor in that court, even if it had just emerged from barbarism.

Mr. Leland is extremely reticent regarding the high estate from which he has fallen. Transition from the glitter of a royal palace to an everyday California hotel crushed him and he has never recovered. A traveler who was recently in the city, and who met Mr. Leland first at a court ball, is responsible for the disclosures of the hotel man's royal life. Among the many beautiful Hawaiian women was the wife of a banker named Bishop, who originally came from Massachusetts, and, with Yankee shrewdness, rose high financially in the royal favor. Mrs. Bishop was an estimable lady and by her many graces and rich, dusky beauty, led the society of court. Not only did mine host Leland capture the king but he won favor with both Mr. and Mrs. Bishop, who introduced him in court circles. A magnificent court ball was given, which the informer of Mr. Leland's high life also attended.

"You should have seen it," he said. "No sight on earth could equal it, I think, in varieties of color of the attendants. There were the white residents upon the islands, and, by contrast, a few full-blooded natives. There were dusky beauties and knights of mixed natives and white blood. A few Chinese, Japanese, and Portuguese merchants were present. It was the most unique sight I ever saw. The King had given a banquet to a few of 'the boys' several nights before, in honor of his distinguished guest. His Majesty wore at the banquet that famous feather robe which is still in possession of his successor, Kalakaua. This robe is composed of delicate white feathers, fastened blindly to some cloth surface. But two of these feathers can be secured from the throat of a single bird, native of the islands. It is of almost priceless value. As His Majesty prepared to withdraw he threw this feathered robe, in his affectionate hilarity, over Leland's shoulders. There was Leland bowing himself out, beaming, with a series of parlor-floor-suite smiles and clad in the feathered robe, with royalty clinging to his arm.

"Leland's health began to fail with so much high life, and the King tendered him his summer seat by the ocean for a few days' recreation. The hotel man, surfeited with royalty, accepted. Some of his friends of the Ajax, jealous of Leland's life in the lap of luxury, visited the country seat during the first night of his occupancy and painted in big letters across the front the name of Leland's caravansary in Frisco, 'Occidental Hotel.' The occupant's amazement when he viewed the painting next morning was apparent. With his remarkable intuition of the terrible consequences of royal disfavor Leland fled for the ship after a hasty adieu to his kingly host before the enormity of the defense could be discovered. But he brought away numerous evidences of His Majesty's favor, which he is very prone to show even at the present day."

"We Point with Pride"

To the "Good name at home," won by Hood's Sarsaparilla. In Lowell, Mass., where it is prepared, there is more of Hood's Sarsaparilla sold than of all other medicines, and it has given the best of satisfaction since its introduction ten years ago. This could not be if the medicine did not possess merit. If you suffer from impure blood, try Hood's Sarsaparilla and realize its peculiar curative power.

A SPLENDID entertainment, consisting of beer, bread and cheese and dancing, was lately given at Friedrichsruhe by Prince Bismarck to all his workmen and the administration for cutting down trees on the estate, upon which there is a vast amount of timber cutting. The occasion was the leveling of the one hundred thousandth tree. It was over 150 feet in height, and will be erected in front of the Prince's house as a memento. The wood is mostly turned into paper pulp.

THE LOVER AND THE ARTIST.

A Boston artist declares that a newly-betrothed lover commissioned him to paint a certain secluded nook in the rocks on the shore, because there he had declared his passion. The picture was painted, but before it was done the lover said to the artist: "Of course I will see you through on that picture, but my engagement is off, and, of course, it would be painfully suggestive to me. If you can sell it to somebody else I will take another picture and be extremely obliged besides." The painter assented to the arrangement, but within a week his patron again presented himself. "It is all right," he announced, joyously. "I'll take that picture."

"Am I to congratulate you on the renewal of your engagement?" the artist asked. The other seemed a little confused, but quickly recovered his self possession and grinned, as he said, "Well, not exactly. It was the same place but the girl was different."—*Providence Journal.*

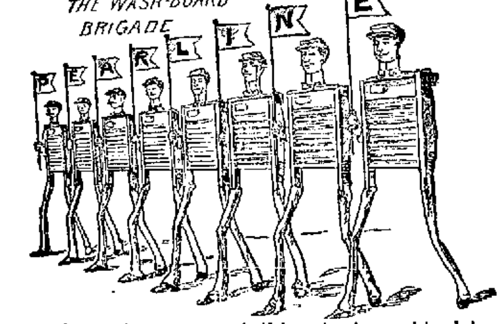

AN amusing incident occurred the other day in Birmingham, Ala. A lady employed a little negro boy, and, as he was very ragged, she bought him a new suit of clothes. He immediately announced his intention of leaving her employ. Determined that he should not take the clothes with him, she stripped him, and wrapped a blanket around him. He dashed into the street naked, and the lady took after him. An extremely unique chase was the result, which was finally terminated by the capture of the boy.

JOHN G. WHITTIER, the poet, in a letter to the Secretary of the Howard Association of London, thus defines his religious belief: "I like practical Christianity and true following of the Master. I weary of creeds and dogmas more and more. I love the old ways of Grellet and Woolman, but I have no controversy with others. I am now in feeble health. My work is done. I wish it were better done, but I trust and am thankful that I can glory in myself. My sole trust is in the goodness of God."

Health is impossible when the blood is impure, thick and sluggish, or when it is thin and impoverished. Such conditions give rise to boils, pimples, headaches, neuralgia, rheumatism and other disorders. Ayer's Sarsaparilla purifies, invigorates, and vitalizes the blood.

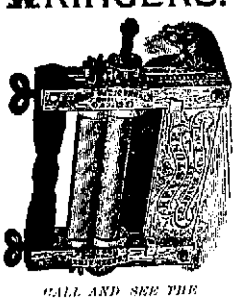

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. mar-18-1y

BELVA LOCKWOOD says she can do housework, but prefers to earn $3,000 a year practicing law and hire a girl to run the kitchen for $3 a week. All women are not so sensitive as Belva, and hence the spread of dyspepsia.

Why allow your clothing to be rubbed to pieces on a wash-board? These are days of improvements—Pyle's Pearline is the latest, greatest and best improvement in Soap. Millions of people are grateful for Pearline, because they have proven the fact that it washes everything better, in less time, with less labor, and with less wear and tear than anything known. It has no equal as a harmless but effective detergent.

"The Gladstone" LAMP

is the finest lamp in the world. It gives a pure, soft, brilliant white light of 85 candle power,—a marvelous light from ordinary oil! Nobody ever supposed such a light was possible from kerosene oil; yet it is there, and

Seeing is Believing

A "wonderful lamp" it is in all respects. It never needs trimming, never smokes nor breaks chimneys, never "smells of the oil," no gumming up, no leaks, no sputtering, no climbing of the flame, no annoyance of any kind, and cannot explode. And then, beside all these advantages, think of a lamp giving a *clear, white light, 10 to 20 times the size and brilliancy of any ordinary house lamp!*

"The Gladstone" is made of high-grade, hard rolled metal (all parts interchangeable), and in elegant designs for Dining or Parlor Table, the Study, Drawing-room, Hall or Chamber. Finished in either Gold bronze, Nickel or Antique bronze. **Every home should have it.**

My Poor Back!

That "poor back" is held responsible for more than its share of the sufferings of mankind. If your dog bites a man who kicks it, do you blame the dog? On the same principle the kidneys utter their protest against nervousness, impure blood, and resulting constipation. These force them to do extraordinary work in ridding the system of the poisons which are the result of effete matter retained in the blood. Then the sufferer says the back aches; the kidneys are diseased. "Not yet;" but they will be unless the nerves are strengthened, the blood purified, and the constipation removed. These are the causes of kidney troubles, and Paine's Celery Compound removes them quickly. With its tonic, purifying, and laxative effect, it also strengthens the weak kidneys, making it almost infallible in curing all diseases of the nerves and kidneys. If your hopes of cure have not been realized, try Paine's Celery Compound; it gives perfect health to all who complain of "their poor backs." *Price $1.00.*

That handsome actor, Mr. Frederick Bryton, has had more genuine success with his play, "Forgiven," than any drama ever presented. The sale of seats are now in progress. It is thought that the Temple will have the largest audience that ever assembled in that theater on January 3.

Peter W. Riley and Jennie E. Orow, Simas Haring and Malissa Smith, Wiley Wagner and Mattie E. Summers, Wm. H. Bartholomew and Anna A. Laning, Joel M. Minnerley and Caroline Kleber, Martin Perry and Henriette Dantelsbeck, Willis Shearer and Mary F. Angevine have been licensed to wed.

Nate Salsbury, well known from his connection with Salsbury's troubadours and later with Buffalo Bill's wild west, is Frederick Bryton's partner and directly manager of all his business. Their contract was originally for twelve years and has nine yet to run. In addition to the fact that they are partners, it may also be said that they are bosom friends.

Some rascals have been poisoning valuable dogs about the city, especially in the west end, and some people are rash enough to say that a few policemen know more about the cowardly business than they dare to tell. If all the dogs are killed off what protection have homes against burglaries? "Read the answer in the stars," there are no "sleepers" there.

Next Monday Messrs. Louis Wolf & Co., will commence tearing down the plastered ceiling in the second story room of their mammoth store building, and will replace the same with a wood ceiling. The side walls will be painted and papered, and the room will be put in a magnificent shape for their customers. The improvement will add greatly to the beauty of the firm's store room.

Max Nirdlinger leaves for New York this evening, accompanied by his daughter, Maude, who will attend the Eden Hall school, near Philadelphia, Pa., and his son Clarence, who returns to St. Vincent university, at Latrobe, Pa. The balance of the family leave for California upon Mr. Nirdlinger's return from the east.

Sec., D. L. Harding; treasurer, T. J. Rodabaugh; trustees, C. G. Smith, Chas. Battenbender, R. C. Hanson, Emmet Powers, Wm. Beck.

Heilbronner & Brown are selling pools on the republican race for the postoffice. The names of Capt. F. F. Boltz, Capt. A. H. Dougal, Mr. B. W. Skelton, Mr. A. Dougharty, Mr. J. W. Hayden, Mr. N. R. Leonard, Mr. H. C. Hartman and Mr. D. C. Fisher are already on the board. Three pools are purchased on Mr. Leonard, two on Mr. Dougal, one on Mr. Boltz, one on Mr. Skelton and five on the field against the whole party.

Mayor Muhler had Henry Williams and Thomas Mathews arraigned before him for vagrancy this morning. He thought to give the men their liberty, so he sentenced them to jail, handed the necessary papers to each one and said: "Go to the jail, present the papers and the turn-key will admit you." His honor supposed, of course, that the fellows would vanish through the first alley-way, but they did not. Instead, they went straight to the jail and are now doing New Years honors on bread and water.

The Caledonian society held a delightful festival last evening at their hall. It was called a "Hogmanay" festival, and is of Scotch origin. The time was delightfully spent in literary exercises and dancing, and at midnight a delicious supper was served. Capt. J. H. White, the president, presented the society with a substantial New Year's gift, in the shape of a copy of Webster's dictionary, and a set of Chamber's encyclopedia. The affair was arranged by the ladies' auxiliary of the society.

Judge Walter Olds, of Columbia City, passed through the city yesterday on his way to Indianapolis. While in that city he will probably tender his resignation as judge of the circuit composed of Whitley and Kosciusko counties in order to accept a position as a member of the supreme court of the state. Judge Olds is probably the youngest member of that bench. It is an undecided question as yet as to who Governor Gray will appoint to the vacancy created by Judge Old's resignation. A. G. Wood, of Warsaw, has many friends who are doing all in their power in his interests, and the respective friends of Mr. Adair and Thomas Marshall, both of Whitley county, are pushing their claims to the utmost of their ability. The question, however, will soon be determined.

THE MERRY DANCE.

The Mail Carriers Make a Bow in the Ball Room—The Carpenters Whirl Pretty Frames.

Verily, indeed, the old year was danced out and the new year in, for everywhere one turned on the business streets last night, the fog-horn voice of the caber, crying "all hahnus; swingi" rang on his ear, while tuneless fiddles made sad havoc of melody. There were exceptions, of course, to the citations, the most notable being the mail carriers' ball at the Princess rink. Colonel Kaough, in full dress, smashed a heart at every step, while his clerks and assistants, notably, Mr. Rony, were conquering heroes. They were in the best of humor, too, for no less than four hundred people filed into the Princess rink during the evening and most of them remained, at least long enough to exchange New Year greetings as the midnight hour sped on.

The twenty-four numbers on the program were divided by the banquet and there was more pleasure than any one could conceive.

The occasion will be memorable and the following gentlemen contributed to its success:

Committee of Arrangements—Michael Houlihan, Ed. J. Ehrman, Otto Herbst, Con Schuler, Fred C. Vollmer, Tom Shelvey and John Gloeckle.

Floor Managers—Ed. J. Ehrman, Con Schuler, Wm. Clear, Fred Roney, Will Zimmerly, Louis Calmelat, John Schulz, Wm. Bohling.

Reception Committee—William Kaough, Otto Herbst, Geo. J. Alter, Frank P. Mensch, Chas. A. Hans, Fred C. Vollmer, Tom Shelvey, Gust LoGraw, Joe Meehan, Joe C. Willard, John Gloeckle, Michael Houlihan and Paul Richter.

THE CARPENTERS AND JOINERS.

The Brotherhood of Carpenters' and Joiners' gave their first annual ball, at Ewing hall, last night and had a large and genteel attendance. Twenty-four numbers were on the program and the old year was danced out and the new year in before the guests went to banquet. It was a rare pleasure to see the carpenters swinging plump "frames" and "joining" the fair ladies. The affair was very handsomely managed by these committees:

Committee on arrangements—John C. Ren, George Fisher, D. Thiele.

Reception committee—Fred Miller, Jeff Marsh.

Floor managers—C. Kiser, D. Thiele, H. Lapp, Julian Waggoner.

The Troy Steam Laundry

Asks no bonus, for we are no struggling industry soliciting alms, but we do ask for a broader recognition of our merits as a considerable factor among the working enterprises of this growing city.

We employ the best skilled citizen-labor, selected from a wide variety of applicants, and are not scant in our compensation of the same. Our work is clear, clean, white and pliable and is as great a contrast to the looking-glass finish, yellow, hard and brittle of John Chinaman, as a well conducted home business giving employment to fifty citizens and support to half as many families is a notable contrast to the half-fledged, ill-looking, unclean shantics that go under the name of Chinese joints. We invite a critical examination of our premises and methods, and ask for nothing that we have not honestly worked for. Our offices are conveniently located in different parts of the city and our wagons are running continually and will answer any calls promptly. Telephone No. 160.

Very truly,

21 F. L. JONES & CO.

Robert Spice, Dealer in Pumps, Etc.

Robert Spies, at 46 West Main street, is the only wholesale and retail dealer in pumps exclusively in the city and this territory embraces all the surrounding counties. He also makes a specialty of repairing pumps of all kinds and furnishes duplicate parts to a large number of different manufacturers. In pumps he handles nearly all styles in modern use, wooden, iron, cistern chain and drive wells. In the latter class he does a very extensive business and makes another specialty of them. For the last few years he has put down nearly all the wells of this description to be found in this vicinity. His facilities are so complete that he can put down a well at prices that practically defy competition, and the extensive business he does enables him to furnish everything in his line at remarkably low figures. Mr. Spice also handles the Star wind mills, undoubtedly the best wind engine now on the market.

Man wants but little here below,
But wants that little strong.

This is especially true of a purge. The average man or woman does not precisely hanker for it, as a rule, but when taken, wishes it to be prompt, sure and effective. Dr. Pierce's Pleasant Purgative Pellets leave nothing to be desired in point of efficacy, and yet their action is totally free from any unpleasant symptoms, or disagreeable after effects. Purely vegetable, perfectly harmless.

Mr. L. H. Johnson has opened up a first-class grocery fourth door west on Baker street, near 262 Calhoun street.

PULL THE THROTTLE!

For the Bright Young Year is Here—May it be a Prosperous One for the Men Who Toil.

A happy New Year.

Swear off the rum habit, boys.

The busy industries are closed down to-day.

Ed. Gillette, machinist at the Wabash shops, is ill with pneumonia.

Most of the manufacturing establishments were closed down to-day.

A number of the railroad and shop boys took in the mail carrier's ball last night.

Henry Stocking, the veteran engineer, is recovering slowly after a long illness.

The manufacturing establishments of the city start the new year with a good showing.

Engineer John Cowan, formerly of the Fort Wayne road, died yesterday at Denver, Col. The remains will be brought to this city for interment.

Some of the leading business men of the state are now moving to have a bill passed by the legislature of Indiana at its coming session making two cents per mile the rate for carrying passengers.

Official notification has been made of the appointment of Mr. A. D. Dwelle, formerly chief clerk to the position of assistant general passenger and ticket agent of the Wabash railroad, with headquarters at Chicago. Mr. Dwelle is a young man who by his energy and industry has worked himself to the front, and has many friends who are pleased to note his advancement.

A tramp named Hughes was discovered in a box car on the Pennsylvania railroad, at Altoona, Pa., Sunday, dying from hunger. Last Wednesday he secreted himself in the car at Newark, N. J., intending to steal his way west. Before leaving Newark the car was locked, and was not opened until to-day. The poor fellow had had nothing to eat or drink for five days, and when found was speechless.

The Pennsylvania line is the government's favorite mail route from the east to the west. That company receives for carrying the mail from New York to Philadelphia, $182,000 per year; Philadelphia to Pittsburg, $484,000 per year; Pittsburg to Chicago, $138,000 per year; Pittsburg to Columbus, $203,000; Columbus to Indianapolis, $140,000 per year; Indianapolis to St. Louis, $170,000 per year. There are a number of trains which carry mail matter alone and have the right to the track over all other trains.

Receiver McNulta, with permission of the court, has leased the extensive agricultural works property at Springfield, Ill., and will convert the establishment into car shops, where the repairing of the western division of the Wabash system will be done. In leasing the works he reserves the right to purchase the property at $25,000 at any time within the next ten years, which is really equivalent to a purchase. The buildings are nearly one thousand feet long by forty feet wide and well equipped with machinery, much of which will come in good use for the car shops.

Eugene Fontaine, now of Toledo, but formerly of this city, has invented a railroad appliance that promises to be one of great importance. It is an automatic signal or mile post that will indicate to a minute how long since a train has passed a given point. There is an indicator, similar in appearance to a switch stand, on which is a dial and a hand which denotes the minutes and hours since a train has passed. These placed at short intervals along a track will show an engineer just how far he is behind a preceeding train. Railroad men pronounce it a grand thing. Mr. Fontaine is the inventor of the Fontaine engine and the Fontaine continous railroad crossing.

John A. Logan is said to be decidedly happy. He has found out the secret of successful campaigning. It is a plentiful supply of Dr. Bull's Cough Syrup. It keeps a man calm and serene.

Your interest demands a visit to Louis Wolf & Co.'s cloak room.

All our cloaks must be sold this week. Carpenters crowd us to work on our ceiling.
